- How to use this chart to organize final exam study time:
- Block out exam times on the calendar.
  - Block out time committed to work, etc.
  - Use highlighters or colored pencils to assign a color to each class.
  - Assign blocks of time to each project/exam using its color on the calendar.
  - Assign a block of time the night before an exam.
  - Don't assign time to a class after the exam or project due date.
  - Spread out study sessions for variety and better concentration.
